The Children's Museum of Northwest Arkansas is a 501© 3 Public Non Profit Organization that is working to create a first class Children's Museum. www.nwachildrensmuseum.org

The mission of the Children's Museum is to engage the imagination of children and their families through interactive exhibitions, programs and resources while creating an excitement for lifelong learning and the enrichment of lives. The team includes educators and school directors as well as business owners, retail suppliers and parents who share a vision for greater educational opportunities for all children in the region.

The goal of the museum team is to establish and grow the museum focusing on the entire family, from young children to grandparents, through interaction, creativity, education and social opportunities while fostering parent, business, and individual involvement at all levels.

A feasibility study has been completed and money raised from this event will support operational and programming needs as the team progresses toward establishing a physical location.
